

syngenta®

20% lighter, 175% more acres, 50% less dust Same superior corn rootworm control

Force® 6.5G is a high-load granular insecticide for control of corn rootworm and other soil-dwelling insect pests in corn. We know you want to plant quickly, efficiently and hassle-free when the weather window opens, so we developed this formulation with your needs in mind - allowing you to go farther with fewer stops to refill insecticide boxes.

Product Benefits

Force 6.5G contains the same active ingredient, tefluthrin, as Force 3G, so it will deliver the same superior root protection, and maximize yield potential when used on conventional or CRW-traited (single or double stack) corn.

The Force 6.5G formulation provides significant benefits over Force 3G:

- 20% lighter bags cover 175% more acres
 - » Fewer bags to store, handle and load
- 50% lower dust formulation
- Enables a more efficient planting process

Force® 6.5G	Force 3G
Rate: 2.0 lbs / A	Rate: 4.4 lbs / A
20 acres / bag (30" row spacing)	11.4 acres / bag (30" row spacing)
40-lb bag with vapor barrier and easy-load handle	50-lb bag with vapor barrier
1 pallet contains fifty 40-lb bags (1,000 acres per pallet)	1 pallet contains fifty 50-lb bags (568 acres per pallet)

Fewer bags

Force 6.5G has the **lowest per acre rate** of formulated product in the granular bag segment.

7 bags/80 acres

5 bags/80 acres

4 bags/80 acres

Number of bags needed to treat 80 acres

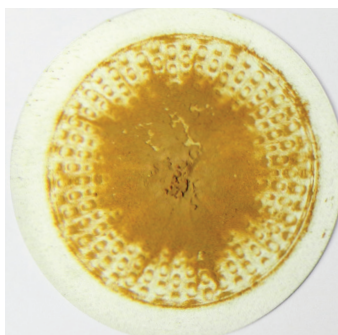

Application equipment flexibility

Force 6.5G can be applied through a wide variety of granular application equipment from John Deere®, Kinze®, Case® IH, Precision Planting (Vdrive™), Gandy® and AGCO / White® and does not require specialized, closed system application equipment. Its flow performance has been thoroughly evaluated in both older and newer types of granular application equipment.

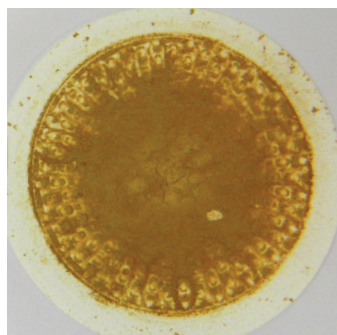

Lower dust formulation

Force® 6.5G

Force 3G

Aztec® 4.67G

Force 6.5G resulted in significantly reduced dust-off compared to Force 3G and Aztec 4.67G, resulting in less opportunity for exposure. Force 6.5G does not require a respirator when handling and loading.

Contact your local Syngenta retailer or sales representative to learn more about Force 6.5G and visit www.SyngentaUS.com/Force6.5G.
