Duracade®

Versatility Across Soil Types Combined with Strong Drought Tolerance

- Attractive plant height and ear placement
- Solid test weight and grain quality
- Dependable emergence in stress environments

Insect Resistance Management Planting Refuges, Preserving Technology

HERCULEX® I Insect Protection HX™ LIBERTY LINK®

Seed products with the LibertyLink® (LL) trait are resistant to the herbicide glufosinate ammonium, an alternative to glyphosate in corn and soybeans, and combine high-yielding genetics with the powerful, non-selective, postemergent weed control of Liberty® herbicide for optimum yield and excellent weed control.

Ratings are based on interpretation of statistically analyzed results of studies conducted by Syngenta and may change as additional data are gathered.
